

## Wild West Coast

Three days does more justice to truly experiencing this area of wild unspoilt beaches and the quaint interior towns. Spring when it is carpeted in flowers is the time to do it.

On our first day we travel up the stretch of coastline paying a visit to the West Coast National Park, a world heritage sight with amazing birdlife flowers and views, where we enjoy a picnic in the reserve. The afternoon is for leisure activities in the oasis of Langebaan Lagoon, paddling around in Kayaks or trying out Kite surfing for the bold. That evening we overnight in Churchhaven enjoying the seclusion and a seafood feast.

On Day 2 we visit the little town of Darling stopping for its Wild Flower and Orchid show and for its locally produced wines. The afternoon is spent at Evita Se Peron where we enjoy a show and all things Afrikaaner. We then travel into the Swartland to overnight in colonial splendour on a working farm at the foot of the Cedarberg.

Our last day is spent either relaxing in the comfort on the farm or for the adventurous exploring the Cedarberg or visiting the arty town of Riebeek Kasteel and tasting the bounty of its vineyards before returning to town.
